Consideration for induction into the Lincoln Hills Senior Softball League (LHSSL) Hall of Fame is open to any league member with at least six years of participation (not required to be consecutive). Please complete the form as follows:

- Record of involvement**—list years of participation on the back of this form. A minimum of six calendar years as a player and/or volunteer is required.
- Contributions**—provide details of league involvement and achievements. Selection to the Hall of Fame is based on sportsmanship, ethical and moral character, overall impact, and support of league activities on and off the field. These qualities help sustain the league and attract future members.
- Selection process**—induction is determined by comparing the nominee's accomplishments with other nominees in the same year. Playing ability while noteworthy, is not the sole factor for selection.
- Nominations**—someone may nominate another person with their consent. The nominator's name must be included in the "Submitted By" section of the form.
- Mail the completed application to Hall of Fame Committee Chair:**
